Emergency physicians who provide emergency medical services in a hospital that provides emergency care are required by law to provide discounts to Self-Pay Patients and Patients with High Medical Costs who are at or below 350 percent of the Federal Poverty Level. Patients must contact the emergency physician's billing office for further information regarding financial assistance programs for emergency services.

B. General Eligibility

Consistent with the Hospital's mission as a nonprofit public benefit organization to operate and furnish care, treatment, hospitalization and other services, with or without compensation, the Hospital will, pursuant to this Policy, provide financial assistance to Financially Qualified Patients.

The Hospital shall determine eligibility for the Charity Care Program or Discounted Payment Program based upon an individual's financial need in accordance with this Policy. Patients seeking Charity Care or Discounted Payment must make reasonable efforts to provide the Hospital with documentation of income and health benefits coverage. If a patient fails to provide the information specified in this Policy and the accompanying application form, the Hospital may consider such failure in making its determination.

Before a patient can be eligible for the Charity Care Program or the Discounted Payment Program, all available resources must first be applied, including, but not limited to, private health insurance (including coverage offered through the California Health Benefit Exchange), Medicare, Medi-Cal, the Healthy Families Program, the California Children's Services Program, or other state- or county-funded programs designed to provide health coverage.

Patients who are eligible for and/or receive financial assistance under the Charity Care Program or the Discounted Payment Program may not receive financial assistance pursuant to the Hospital's Uninsured Patient Discount Policy (No. 20-01-0036).

Financial assistance under this Policy shall be provided to eligible patients without regard to race, religion, color, creed, age, gender, sexual orientation, national origin or immigration status.

C. Specific Eligibility

Patients may apply for financial assistance under Section IV.C.1 or Section IV.C.2, as described below.

Charity Care/Discounted Payment Policy 20-01-0034

1. Discounted Payment Program

Both Self-Pay Patients and Patients with High Medical Costs shall be eligible to apply for the Discounted Payment Program.

- a. **Self-Pay Patients:** The Hospital shall limit the expected payment for Emergency Medical Care and other Medically Necessary Services provided by Hospital to Self-Pay Patients whose documented income is between 150 percent and 350 percent, inclusive, of the Federal Poverty Level, to the "amount generally billed" ("AGB") for such services, which the Hospital determines to be the amount of payment the Hospital would expect in good faith to receive for providing services under Medicare as if such Self-Pay Patient had been a Medicare beneficiary. If the Hospital provides a service for which there is no established payment by Medicare, then the Hospital shall establish an appropriate Discounted Payment amount.
- b. **Patients with High Medical Costs:** Patients with High Medical Costs whose documented income is between 150 percent and 350 percent, inclusive, of the Federal Poverty Level, shall be liable, taking into account any unreimbursed co-payments, co-insurance and deductibles, for the lesser of (i) the balance after any insurance payments are applied or (ii) the AGB.

Patients seeking a Discounted Payment must make reasonable efforts to provide the Hospital with documentation of income (limited to recent pay stubs or income tax returns) and health benefits coverage. Patients with High Medical Costs also must provide documentation of medical expenses paid by such patients or their families in the prior 12 months. For purposes of determining a patient's eligibility under this Policy, the Hospital may request the patient's consent to verify his/her employment status and credit history, as permitted by applicable law.

Patients that provide required documentation and qualify under the income requirements of this section may enter into an extended, interest free payment plan in accordance with the Hospital's Extended Payment Plan Policy & Procedure (No. 20-01-0035). The Hospital and the patient shall negotiate the terms of such extended payment plan, and shall take into consideration the patient's family income and Essential Living Expenses. If the Hospital and patient cannot agree on a payment plan, the Hospital shall create a Reasonable Payment Plan.

2. Charity Care Program

The Hospital also will provide its Charity Care Program to Financially Qualified Patients who are unable to pay, regardless of insurance status, provided that the patient's income falls below 150 percent of the Federal Poverty Level.

Patients seeking Charity Care must make reasonable efforts to provide the Hospital with documentation of income, monetary assets (including all liquid and non-liquid assets owned, less liabilities and claims against such assets) and health benefits coverage.

However, monetary assets shall not include retirement or deferred-compensation plans qualified under the Internal Revenue Code or nonqualified deferred compensation plans. Also, the first \$10,000 of the patient's monetary assets shall not be counted in determining eligibility, nor shall 50 percent of a patient's monetary assets over the first

Charity Care/Discounted Payment Policy 20-01-0034

\$10,000 be counted in determining eligibility. The Hospital may, nonetheless, require waivers or releases from the patient or the patient's family authorizing the Hospital to obtain verifying information from financial or commercial institutions, or other entities that hold or maintain the monetary assets. For purposes of determining a patient's eligibility under this Policy, the Hospital may request the patient's consent to verify his/her employment status and credit history, as permitted by applicable law.

V. Application Procedures

When requesting financial assistance under the Policy, the patient, the patient's guarantor or the patient's legal representative is responsible for providing accurate information and using reasonable efforts to provide all documentation necessary. Below is a list of the responsibilities of the patient, the patient's guarantor or the patient's legal representative during the application process.

- A. To establish eligibility, all patients requesting financial assistance under the Policy will be required to complete the Hospital's Financial Assistance Application form, attached to this Policy as **Attachment B**.
- B. To be considered for the Charity Care Program or Discounted Payment Program under the Policy, the patient must cooperate with the Hospital to provide the information and documentation necessary to apply for other existing financial resources that may be available to cover (fully or partially) the charges for care rendered by the Hospital, including, but not limited to, private health insurance (including coverage offered through the California Health Benefit Exchange), Medicare, Medi-Cal, the Healthy Families Program, the California Children's Services Program, or other state- or county-funded programs designed to provide health coverage.
- C. If a patient applies, or has a pending application, for another health coverage program at the same time s/he applies for a Hospital Charity Care or Discount Payment program, neither application shall preclude eligibility for the other program.
- D. To be considered for Discounted Payment or Charity Care under the Policy, the patient must provide the Hospital with the financial and other information requested on the application needed to determine eligibility. This includes completing the required application forms and cooperating fully with the information-gathering and assessment processes.
- E. A patient who qualifies for Discounted Payment shall cooperate with the Hospital in establishing an extended payment plan. If the Hospital and patient cannot agree on an extended payment plan, then the Hospital shall create a Reasonable Payment Plan.
- F. A patient who qualifies for a Discounted Payment must make good-faith efforts to honor the payment plan. The patient must promptly notify the Hospital of any change in financial status so that his/her eligibility for financial assistance may be reevaluated by the Hospital pursuant to this Policy.
- G. A patient's failure to mail or otherwise deliver to Hospital a complete Financial Assistance Application within 30 days of the final billing statement, which shall be sent at least 90 days from the date of the first post-discharge billing statement, shall result in the Hospital beginning collections actions as described in the Hospital's Collection of Past Due Accounts Policy.

- H. In the event of a dispute, a patient may seek review from the Hospital's Patient Relations and Service Excellence Coordinator.
- I. The following approvals are required for Financial Assistance Applications:

Level	Charity Care/Discounted Care Payment Amount	Required Approvals
1	under \$50,000	Director of Patient Accounting
2	\$50,000 to \$249,999	Director of Patient Accounting and Chief Financial Officer
3	\$250,000 and above	Director of Patient Accounting, Chief Financial Officer and Chief Executive Officer

VI. Collections Policies and Procedures for All Applicants

The Patient Accounting and Credit and Collections Departments have the authority to advance a patient debt for collections, and will be responsible for determining an individual's ability to pay, utilizing all or a portion of the factors outlined within this Policy. Collection activity will be conducted by the Hospital's Credit and Collections Department or designated collection agency that has agreed to comply with this Policy and the collections procedures set forth in the Hospital's Collection of Past Due Accounts Policy & Procedure (No. 20-01-0033).

- A. To balance a patient's need for financial assistance with the Hospital's broader fiscal responsibility to the community of maintaining a financially healthy facility, the Hospital shall make all reasonable efforts to determine the patient's ability to contribute to the cost of their care as set forth herein.
- B. The Hospital shall determine the patient's eligibility for financial assistance as close as possible to the rendering of Emergency Medical Care or other Medically Necessary Services.
- C. The Hospital may declare an extended payment plan (including a Reasonable Payment Plan) inoperative if the patient fails to make all consecutive payments during a 90-day period. Before declaring an extended payment plan inoperative, the Hospital, collection agency or assignee shall make a reasonable attempt to contact the patient by telephone, give written notice that the extended payment plan may become inoperative, and inform the patient that s/he may renegotiate the terms of the payment plan.
- D. If the Hospital determines that an individual is unable to pay for all or part of the payment due, and there are no other avenues available to collect on the account, then the uncollected amount will be written off as Charity Care. Otherwise, the account will be pursued as outlined in the Hospital's Collection of Past Due Accounts Policy & Procedure. Any actions the Hospital may take in the event of nonpayment are set forth in the Hospital's Collection of Past Due Accounts Policy, a copy of which is available and without charge, both by mail and at all points of

Charity Care/Discounted Payment Policy 20-01-0034

registration, including the emergency department, the billing office, the admissions office and other outpatient settings.

- E.** Under no circumstances will contractual write-offs, discounts or any other administrative or courtesy allowances be written off as Charity Care.
- F.** Prior to commencing collection activities, the Hospital shall provide the patient with written notice containing a plain language summary of the patient's rights pursuant to California Health and Safety Code Section 127430(a), and a statement that nonprofit credit counseling services may be available in the area. Specific collection activities the Hospital may take and the time frames for pursuing collection actions are set forth in the Hospital's Collection of Past Due Accounts Policy, a copy of which is available and without charge, both by mail and at all points of registration, including the emergency department, the billing office, the admissions office and other outpatient settings.
- G.** The Hospital or its assignee that is an affiliate or subsidiary of the Hospital shall not, in dealing with patients eligible under any portion of this Policy, use wage garnishments or liens on primary residences as a means of collecting unpaid Hospital bills.
- H.** In dealing with patients eligible under any portion of this Policy, a collection agency or other assignee that is not a subsidiary or affiliate of the Hospital shall not use a wage garnishment (except by court order) or notice or conduct a sale of the patient's primary residence as means of collecting unpaid Hospital bills.
- I.** Neither Section VI.G nor Section VI.H of this Policy shall preclude the Hospital, a collection agency or other assignee from pursuing reimbursement or any enforcement remedy or remedies from third-party liability settlements, tortfeasors or other legally responsible parties.
- J.** If a patient is attempting to qualify for eligibility under the Hospital's Charity Care Program or Discounted Payment Program and is attempting in good faith to settle an outstanding bill with the Hospital by negotiating an extended payment plan or by making regular partial payments of a reasonable amount, then the Hospital shall not send the unpaid bill to any collection agency or other assignee, unless that entity has agreed to comply with this Policy, and if the bill has already been sent to a collection agency the Hospital shall suspend such collection services.
- K.** The Hospital or the Hospital's assignee shall not report adverse information to a consumer credit reporting agency or commence civil action against the patient for nonpayment at any time prior to 150 days after the first post-discharge billing statement. This period shall be extended if the patient has a pending appeal for coverage of the services until a final determination of the appeal is made.
- L.** No information collected by the Hospital for the purpose of determining eligibility for financial assistance shall be used for collections activities. However, the Hospital, collection agency or assignee may use information obtained independently of the eligibility process for the Charity Care Program or the Discounted Payment Program.

Elegibilidad General

El Hospital determina la elegibilidad para el Programa de Cuidado de Caridad y de Pagos con Descuento basado en las necesidades financieras del individuo de acuerdo con su política escrita de Cuidado de Caridad y Pago con Descuento. Los pacientes que deseen ser considerados para el Programa de Cuidado de Caridad o el Programa de Pago con Descuento deben hacer esfuerzos razonables para proporcionar al Hospital con la documentación de ingresos y cobertura de beneficios para la salud. Si un paciente no puede proporcionar la información prevista en el Programa de Cuidado de Caridad y Política de Pago con Descuento, el Hospital puede considerar dicho incumplimiento al formular su determinación.

Los pacientes que cumplen con ciertos requisitos de bajos y moderados ingresos pueden calificar para el pago con descuento o atención caritativa. En general, "los pacientes financieramente calificados" son aquellos pacientes (1) que son auto-Pay pacientes (es decir, no tienen cobertura de terceros) o pacientes con altos costos médicos; y (2), cuyo ingreso familiar no exceda 350 por ciento del nivel de pobreza federal actual.

Antes de que un paciente puede ser elegible para el Programa de Cuidado de Caridad o el Programa de Pago con Descuento, todos los recursos disponibles primero deben aplicarse, incluyendo, pero no limitado a, el seguro de salud privado (incluyendo la cobertura ofrecida a través del Intercambio de Beneficios de Salud de California), Medicare, Medi-Cal, el Programa de Familias Saludables, Programa de Servicios para Niños de California, u otros programas financiados por el estado o el condado diseñados para proporcionar cobertura de salud.

Los pacientes que son elegibles para y/o reciben asistencia financiera bajo el Programa de Cuidado de Caridad o el Programa de Pago con Descuento no pueden recibir asistencia financiera en virtud de la Política de Descuento para Pacientes No Asegurados del Hospital. Los pacientes que son elegibles para y/o reciben ayuda financiera con cargo al Programa de Cuidado de Caridad o el Pago con Descuento no se les cobrará más que la “cantidad generalmente facturada” (“AGB”) para tales servicios.

Información de Factura

La ayuda financiera en virtud de esta Política, se brindará a los pacientes elegibles sin importar su raza, religión, color, credo, edad, género, orientación sexual, origen nacional o estatus migratorio.

Procedimientos de Aplicación

La declaración de las condiciones financieras debe ser llenada en su totalidad. Para ser considerado para el Cuidado de Caridad o Pago con Descuento en virtud de la política, el paciente debe proporcionar al Hospital con la información financiera y otra solicitada en la aplicación necesaria para determinar la elegibilidad, que será considerado de acuerdo con las limitaciones establecidas en la Sección del Código de Salud y Seguridad de California 127.405 (e). Esto incluye completar los formularios de solicitud necesarios y cooperar plenamente con la recopilación de información y los procesos de evaluación. Si el Hospital determina que el paciente es elegible para el Programa de Cuidado de Caridad, puede requerir exenciones o liberaciones del paciente o la familia del paciente autorizando al hospital para obtener la verificación de información de las instituciones financieras o comerciales, u otras entidades que mantienen los activos monetarios. Si el Hospital determina que el paciente es elegible para recibir asistencia financiera bajo el Programa de Pago con Descuento, la documentación de los ingresos se limitará a los talones de pago recientes y declaraciones de impuestos.

La falta de un paciente de enviar por correo o entregar al hospital una Solicitud de Asistencia Financiera completa dentro de los 30 días de la factura final, que se enviará al menos 90 días desde la fecha de la primera factura después del alta, dará lugar a que el Hospital de inicie acciones de cobranza como se describe en la Política de Cobranza de Cuentas Morosas del Hospital.
